Working effectively toward Christ-centered renewal in all aspects of contemporary life

ACADEMIC REPORT

from the

OFFICE OF ACADEMIC AFFAIRS

Compiled by the Kielstra Center for Research and Grants

In addition to preparing for and teaching many courses, advising students, and attending to committee work, Dordt University faculty members participate in a variety of activities that contribute to communal scholarship and develop serviceable insight, all with an eye to *equipping students, alumni, and the broader community to work effectively toward Christ-centered renewal in all aspects of contemporary life*. The following is a chronicle of those achievements between July 1, 2023, and June 30, 2024.

The Educational Task of Dordt University is clear that “faculty have the primary responsibility for developing and sharing insight. Through perspectival growth, teaching, research and scholarship, and service they are called to carry out the central educational task of the university.” This report highlights contributions of the faculty from July 2023 – June 2024 with a special emphasis on research and scholarship.

Our vision for research and scholarship at Dordt University is to support excellence and faithfulness in scholarship, cultivating an intellectually rigorous ‘life of the mind’ while living in community as followers of Christ. During the 2023-2024 academic year, the Research and Scholarship Council led faculty-wide conversations about how we define scholarship at Dordt using the Boyer Model of scholarship: integration, discovery, application, and teaching. Faculty across the disciplines wrestled with questions about “what counts” as scholarship, imagined ways that current commitments are scholarship, and discussed the value of scholarship as part of the central educational task. The work supporting research and scholarship is ongoing and the Kielstra Center for Research & Grants is pleased, along with its internal and external partners, to support the contributions of the Dordt University faculty.

Sincerely,

A handwritten signature in cursive script, reading 'Angela Kroeze Visser'.
